

Isabelle Kennish

Graphic Designer

I am an inspiring graphic designer based in Brisbane, Australia.

I have a great love and passion for all aspects of the creative industry and wish to pursue a career path that creates opportunity to expand my knowledge. I love trying different mediums by drawing, baking and creating gifts for family and friends, such as customising hats & shirts and making peanut-butter as gifts.

I work meticulously and am always wanting to learn and expand my knowledge and skill set. I enjoy working with people and facing new challenges that push me to evolve more as a designer.
